

TECNOGAS COOLING ...

TecnoGas introduces the brand new FRIGRO 1952, an electric piece that adds postmodern flare in the homes worldwide.

Frigo1952

The cosmopolitan flavour of this bottom mounted fridge is delivered by design details like the retro analog thermometer, the rich chromed handles, or the high-glossy paint used by our Italian craftsmen.

Performance wise, the main features of FRIGO 1952 are:

- Total noFrost
- A+ energy efficiency class
- Total gross capacity of 335L (fridge 237L, freezer 98L)
- GT/N climatic class

On the internal accessories side it features:

- Four crashproof crystal shelves
- One chromed bottle holder
- Two chiller drawers for fruits and vegetables

Its external dimensions are:

h-190 x w-60,5 x d-67cm

FRIGO 1952 will be the icon of all the kitchens carrying the legendary TecnoGas signature.
